

## 2/320 HEDGE

Everything flows – our new “Hedge” texture almost meanders through the concrete. And its design is reminiscent of ferns swaying in the wind. But at a distance, the design can also appear abstract.

### DIMENSIONS

Uses	Dimensions (mm)	Order Number
100	▲ 6000 × ► 1500	C 2320

100-timer formliners are supplied in an individual dimension within the maximum indicated dimensions.

The specified widths of the 10-timer and 50-timer formliners are a fixed dimension and ensure the continuity of the structure in the case of linear patterns. The longitudinal direction of the pattern is variable and can be ordered from 1 m up to the maximum dimension in 10 cm steps.
