RECKLI
2/240 BALI

A wood pattern with asymmetrically butt-jointed boards. The rough wooden texture with clearly visible knotholes and grains, lend the concrete an urban character.

100-timer formliners are supplied in an individual dimension within the maximum indicated dimensions.

The specified widths of the 10-timer and 50-timer formliners are a fixed dimension and ensure the continuity of the structure in the case of linear patterns. The longitudinal direction of the pattern is variable and can be ordered from 1 m up to the maximum dimension in 50 cm steps.
