RECLLI
2/249 VICTORIA

A geometric form whose different long and short as well as protruding and receding rectangles result in a playful form. This pattern is often used to create water-like or flowing shapes.

100-timer formliners are supplied in an individual dimension within the maximum indicated dimensions.

The specified widths of the 10-timer and 50-timer formliners are a fixed dimension and ensure the continuity of the structure in the case of linear patterns. The longitudinal direction of the pattern is variable and can be ordered from 1 m up to the maximum dimension in 50 cm steps.
